1877 Maule's Golden Anniversary 1927

For Fifty Years Maule Seeds have been honest Seeds, which are absolutely essential for a successful garden. No matter how intelligent, or industrious, or able the farmer or gardener may be, he cannot grow good crops with poor seed.

Maule Seeds cannot be purchased in stores, nor have we any agents or salesmen. You buy direct from us; you do not pay any middleman's profits; you get the benefit of our low prices for the highest bred seeds it is possible to produce. Why, then, pay as much for seeds of ordinary quality, elsewhere, when you can so easily get Maule's?

The Maule policy has always been to sell the very highest quality at the very lowest prices; on this point we challenge all competition.

All Maule Seeds, Bulbs and Roots are scientifically and thoroughly tested for active, abundant and vigorous life. Only the most virile product is shipped. That is why Maule Seeds produce the greatest number of plants and the finest, biggest and healthiest blooms and specimens.

Everything we sell is Guaranteed with a Money-back Bond. If you are dissatisfied in any way with your results, we will refund your money without quibble, question or delay.

In celebration of our Golden Anniversary, we are making some offers that are unusually liberal. These offers are explained in the following pages. They will interest you greatly.

You cannot plan your garden too early. The sooner you do your planning the more pleasing your results will be. Plan now; get your seeds now. Remember that back of every Maule Seed, Bulb and Root is a reputation of 50 years square dealing.

Ours is one of the oldest and biggest Seed Houses in America.

How to Order

The following suggestions are to insure the prompt and accurate filling of your order. Always, when possible, use the order blank which accompanies this catalog. Be certain to write plainly your full name and address each time you order. Always order by the same name. If you live on a Rural Route or have a Post Office Box, give the number. If goods are to be shipped by freight or express, mention the name of your railroad station.

How to Remit: All remittances should be made by money order, bank draft, registered letter or personal check. We accept currency and U. S. Postage Stamps, but are not responsible for such remittances if they are lost. We cannot accept foreign postage stamps. On all orders of $1.00 and more, we will pay the cost of your money order or registered letter; the amount may be deducted from your remittance.

Transportation Charges: We prepay all transportation charges on practically everything we sell; the only exception being on Seeds, Bulbs and Roots listed not prepaid. If these goods are wanted by parcel post, the amount of the postage should be added to your remittance. Your postmaster, or rural carrier can tell you the parcel post cost.

All prices quoted in this catalog are subject to change and prior sale.

Maule's Hybrid Poppies

The distinctive features of these new poppies are their size, their rare coloring and color combinations, and the pleasing crinkly appearance of their petals—not unlike fine crepe paper. Their double and semi-double flowers run from 2 to 2½ inches in diameter, in pure white, pink, rose, salmon, salmon-orange, scarlet and crimson; also in lovely combinations of broad and narrow-banded white-edged scarlet and pink. These sturdy plants bear profusely during June and July, forming a beautiful early summer garden. Blooms cut in the early morning when half open will keep in water several days.

The New Maule Radish

A delightful surprise to lovers of relishes—probably the largest radish suitable for table use ever grown. Has a slightly pinkish-tinted flesh as firm and crisp as that of the finest small size varieties. Its flavor is piquant and snappy, but not bitey. A fine looking round radish of an evenly colored rich scarlet. It has an excellent tap root, and an abundant amount of dark green foliage. Grown in good soil, the radishes will measure from 1½ to 2½ inches across. They will mature (depending upon growing conditions) in from 30 to 40 days after sowing seed.

Not prepaid, 5 lbs. or over at 25 cts. per lb.; 100 lbs. $20.00

14 Burpee's Stringless Green Pod
The Stringless Green Pod is now one of the most popular bush beans in America. In point of earliness it ranks among the first, in quality it is excelled by none, and in bearing ability it stands without a rival. The pods are round, fleshy and perfectly straight; are borne in abundance throughout a long season, being ready for the table in about 31 days. They are five inches in length, rich green in color, very tender, and of highest and best flavor.
Packet 10 cts.; ½ pound 25 cts.; pound 45 cts.; 5 pounds $1.75, postpaid
Not prepaid, 5 lbs. or over at 25 cts. per lb.; 100 lbs. $23.00

16 Fordhook Favorite
A green podded bean, perfectly stringless, with white seeds, which can be used for soup or baked beans all winter. The bush grows from 16 to 20 inches high, with dark green foliage, producing an enormous yield of beautiful, meaty, almost round, green pods, averaging 3½ to 4½ inches long. CABBAGE—Extra Early Varieties

110 Golden Acre

Golden Acre has proven to be one of the most profitable home garden or market varieties for the early crop. Plants are dwarf, allowing close planting; the solid heads are as round as a ball, measuring, when fully matured, about 9 inches in diameter, the average weight of which is 5 pounds; hard as a cannon ball, solid and very uniform. Matures in 70 days.

Packet 15 cts.; ounce 75 cts.; ¼ pound $2.00; ½ pound $3.85; pound $7.50; 5 pounds $35.00, postpaid

111 Maule’s First Early

Maule’s First Early can be safely planted as close as Wakefield and is a sure header. It excels Wakefield and all other early cabbages in solidity of head; in fact, the large flat head is as hard as a stone. It is a choice market sort on account of both shape and quality. It is a beautiful cabbage in appearance, being handsome in color and general uniformity. Matures in 70 days.

Packet 15 cts.; ounce 60 cts.; ¼ pound $1.75; ½ pound $2.25; pound $6.00; 5 pounds $27.50, postpaid

112 Maule’s Prize Jersey Wakefield Cabbage

Maule’s Prize Jersey Wakefield Cabbage is the earliest and finest strain of this variety. The thick stout leaves and uniform habit makes it the best sort for very early and close setting. It frequently matures large, hard conical-shaped heads of splendid eating quality within 75 days. We offer only Long Island grown seed.

Packet 10 cts.; ounce 35 cts.; ¼ pound 90 cts.; ½ pound $1.60; pound $3.00; 5 pounds $12.50, postpaid

117 Maule’s Early Flat Dutch

An excellent early maturing cabbage, producing large, solid heads, frequently measure 10 to 12 inches across and weigh 12 to 15 pounds each. It also is fine grained and of dainty flavor. The large, flat heads are borne on short stems and are very solid. A sure cropper; ready to use in about 90 days.

Packet 10 cts.; ounce 30 cts.; ¼ pound 75 cts.; ½ pound $1.35; pound $2.50; 5 pounds $11.25, postpaid

119 Copenhagen Market

Copenhagen Market is certainly a valuable early maturing cabbage, producing round hard heads of the finest quality for the table, or market, in 75 days. The plants are short stemmed, producing heads almost on the ground. The light green colored leaves are medium in size, saucer shaped, and are always tightly folded.

CABBAGE—Late or Winter Varieties

124 Danish Round Head

In this strain we have very large, solid heads on short stems, produced in 110 days, having the same keeping quality as the original strain of Danish Ball Head, so widely known. It is 10 days to 2 weeks earlier and produces a larger yield than any of the so-called Danish cabbages. It is especially valuable for high, dry land, producing good sized heads where other strains would be too small. For shipping in the late fall or winter there is no finer cabbage.

Packet 10 cts.; ounce 30 cts.; ¼ pound 85 cts.; ½ pound $1.50; pound $2.75; 5 pounds $12.50, postpaid

125 Danish Ball Head

Danish Ball Head cabbage produces its crop in about 120 days. It is sure to head, the heads being round, hard and extremely heavy, though not extra large. It can be grown in close quarters on account of its compact habit. As to its keeping qualities, it comes out of the pit in March or April as fresh as when put in, and with no waste. It is popular in the markets of all the large cities. Our seed of this popular cabbage comes to us direct from the best growers in Denmark.

Packet 10 cts.; ounce 30 cts.; ¼ pound 85 cts.; ½ pound $1.50; pound $2.75; 5 pounds $12.50, postpaid

130 Pe-Tsai Chinese Cabbage

Pe-Tsai Chinese cabbage is so easily grown that it should be in every garden. It is a dainty table vegetable either shredded as slaw, cooked as other cabbage or trimmed to be eaten as celery. It should be sown early for Spring use, or grown like late cabbage planted in July or August for Fall use. When bleached it is almost clear white, and is very crisp and tender. Grows very quickly, being ready to eat in 60 days.

Packet 10 cts.; ounce 30 cts.; ¼ pound 85 cts.; ½ pound $1.50; pound $2.75; 5 pounds $12.50, postpaid

131 Maule’s Genuine Surehead

Maule’s Genuine Surehead is the greatest and most profitable cabbage ever introduced, that has, for such a long term of years, maintained so wide a popularity. Maule’s Surehead is a late variety with head as large as Maule’s Prize Flat Dutch. Ready to cut in 110 days. The heads are firm and hard, elegant for kraut.

205 Maule’s Colossal Early

The finest large eared Sugar Corn in existence. The first real rival of the Shoe Peg or Country Gentleman, as large as Stowell’s Evergreen, and of delicious flavor. Frequently matures fine large ears nine weeks from planting.

It is the most delicious sugary corn you have ever eaten; the large ears average from 7 to 9 inches in length, and frequently 2½ to 3 inches in diameter, with 12 to 14 rows of large sweet kernels that fairly melt in your mouth; stalks grow from 6 to 7 feet tall.

Packet 15 cts.; ¼ pound 25 cts.; pound 45 cts.; 5 pounds $1.75, postpaid

Not prepaid, 5 lbs. or over at 28 cts. per lb.; 100 lbs. $25.00

206 Maule’s Ideal Early

We have produced in this early corn a variety which stands alone as a money maker. It has the power of germination under conditions where all others have failed, and can safely be planted much earlier than any true sugar corn on account of its extreme hardness. It adapts itself to any kind of soil, either sand or heavy clay. It is as large as Stowell’s Evergreen, grows 6 feet high. In earliness, any one growing this dearly white corn will have the crop marketed and the money in his pocket before any of the early sugar corns are ready. Matures in 55 days.

Packet 10 cts.; ¼ pound 25 cts.; pound 45 cts.; 5 pounds $1.75, postpaid

Not prepaid, 5 lbs. or over at 25 cts. per lb.; 100 lbs. $20.00

207 Golden Bantam

This is a very early sweet corn, deep yellow in color. The delicious yellow kernels are so tender that they do not need cooking or cutting across the grain; the flavor is also distinct, being almost as sweet as honey.

Matures in 60 days.

Packet 10 cts.; ¼ pound 25 cts.; pound 40 cts.; 5 pounds $1.50, postpaid

Not prepaid, 5 lbs. or over at 20 cts. per lb.; 100 lbs. $17.00

222 Maule’s Lead All Evergreen

Produces handkerchief corn, some ears which are sweeter and larger than either Country Gentleman or Stowell’s Evergreen. The stalk grows 8 to 9 feet high, usually producing 2 large, well developed ears 8 to 10 inches long to each stalk. The large, white grains, of great tenderness and sweetness, are deep set with 14 to 18 rows on the cob. It is usually ready for the table or market in 85 days.

Packet 10 cts.; ¼ pound 25 cts.; pound 45 cts.; 5 pounds $1.75, postpaid

Not prepaid, 5 lbs. or over at 25 cts. per lb.; 100 lbs. $22.00

WM. HENRY MAULE, PHILADELPHIA, PA., 1927
881 Maule's Extra Lawn Grass Mixture
A beautiful, smooth, low growing evergreen grass for the yard or lawn

This mixture will insure a beautiful, compact, evergreen sod on any lawn where the essential requirements of grass culture have been complied with. Its component parts are the grasses peculiarly adapted to lawns and flower beds, including choice selected strains of Kentucky Blue, etc., along with the best known creeping or sod-forming sorts. We have included a little white clover in the mixture, regarding it as essential, but will omit it on special request. Nothing better can be purchased on the American market, no matter what claims may be advanced by other seedsmen. Grass seed can be sown any time between April and September. Use 1 pound to 300 square feet of ground or 20 pounds (bushel) will sow a plot 100 feet wide and 100 feet long, or 100 pounds (5 bushels) per acre.

½ pound 35 cts.; pound 60 cts.; 3 pounds $1.65, postpaid
Not prepaid, 3 lbs. $1.35; 5 lbs. (peck) $2.00; 20 lbs. (bushel) $7.50

884 Quick Results Lawn Grass
A rapid growing velvety green grass

This mixture is for producing an immediate green sward that will be followed by a good, permanent sod. It is especially recommended for late spring seeding. It will make rapid growth, and will be ready to cut two weeks in advance of any other mixture which we offer, nor is it lacking in permanence.

½ pound 35 cts.; pound 60 cts.; 3 pounds $1.65, postpaid
Not prepaid, 3 lbs. $1.35; 5 lbs. (peck) $2.00; 20 lbs. (bushel) $7.50

886 Maule's Steep Slope Lawn Grass
A lasting grass for embankments and terraces

This is for banks, terraces, steep or exposed slopes and bare spots in general; in fact, for any place, however dry, stony or barren. It will produce a sod that is absolutely proof against heat or drought, and that cannot be injured by cold.

½ pound 40 cts.; pound 75 cts.; 3 pounds $2.10, postpaid
Not prepaid, 3 lbs. $1.65; 5 lbs. (peck) $2.50; 20 lbs. (bushel) $9.50

Customers may order half pecks at the peck rate; half bushels at the bushel rate

885 Maule's Shady Lawn Grass
Flourishes under trees or in shady nooks

This mixture is intended for all situations that are in partial or complete shade, and will be found invaluable on grounds lying under the shadows of trees or buildings. In preparing such places for the reception of grass seeds it is well to use air-slacked lime quite liberally (2 pounds for 30 square feet).

½ pound 40 cts.; pound 75 cts.; 3 pounds $2.10, postpaid
Not prepaid, 3 lbs. $1.65; 5 lbs. (peck) $2.50; 20 lbs. (bushel) $9.50

887 Maule's "Sunny South" Lawn Grass
Especially suited for hot climates

A special preparation that will resist extremes of heat and drought; this mixture has given very satisfactory results and by proper care and continual watering a beautiful lawn can be had in the Southern States, where grasses do not usually thrive during the summer.

½ pound 40 cts.; pound 75 cts.; 3 pounds $2.10, postpaid
Not prepaid, 3 lbs. $1.65; 5 lbs. (peck) $2.50; 20 lbs. (bushel) $9.50

Maule's Three Permanent Pasture Mixtures
Best adapted for producing an abundant hay crop or for pasturage

It is true beyond all question that a mixture of grasses produces a better moving field and subsequent permanent pasture than a mere combination of timothy and red clover. The former will last five times as long as the latter. We vary the proportions to suit the different soils. Use at the rate of 60 pounds (3 bushels) per acre.

Mixture for Light and Sandy Soils; Mixture for Average Soils, Mixture for Heavy Soils
Any of the above Permanent Pasture Mixtures; Not prepaid, 5 lbs. (peck) $1.50; 20 lbs. (bushel) $5.50;
60 lbs. (3 bushels) Mixed Grass seeds and 10 pounds Mixed Clover Seeds $21.00

Sow Maule's Extra Lawn Grass Seed, offered above, and your lawn will be the envy of your neighbors.

WM. HENRY MAULE, PHILADELPHIA, PA., 1927
Maule's Bulbs and Roots

With every order for bulbs or roots a copy of our booklet, "Practical Hints on Bulb Culture," will be enclosed free. It contains many helpful suggestions on the culture of bulbs and roots. By following the simple directions given, everyone should succeed in growing beautiful plants.

70B36 Caladium, Esulentum
(Elephant's Ear)
A handsome plant of tropical aspect, bearing leaves sometimes a yard in expanse. Effective as a single plant on a lawn or in groups. Not hardy.
25 cts. each; 3 for 70 cts.; 6 for $1.30; $2.50 per dozen, postpaid

All Bulbs and Roots Are Sent Separately from the Seed

70B40 White Calla Lily
(The Well-Known Lily of the Nile)
One of the best plants for blooming in the open during the summer, and unequalled in the winter as a house plant. A very highly ornamental desirable plant of easy culture, producing numerous large white flowers. Not hardy.
30 cts. each; 3 for 80 cts.; 6 for $1.50; $2.75 per dozen, postpaid

70B14Rosea. Clear rosy-pink.

74B99 SURPRISE COLLECTION

75 Bulbs only $2.00
All Properly Labeled
For Delivery after May 1

The supply of some of our Bulbs is exhausted before our selling season is over, while large quantities of other varieties are left on hand, for it is practically impossible to sell out all.

Rather than replant these "left-over" bulbs, we will put them up in "Surprise Collections," 75 bulbs in each collection, and offer the collection for only $2.00, postpaid.

These collections will be entirely of our selection, from varieties of which we have a surplus. All bulbs will be of first-class quality, properly labeled. Orders will be filled in rotation as received, after May 1. The first orders will get the best selection, although all orders will receive more than twice the catalog value.

It is to your advantage to order this collection Early. At such a low price, no collection of surprise bulbs will be made up for less than $2.00.

Maule's Large Flowering Cannas

For bedding purposes, Cannas stand at the head of the list. No more satisfactory plant could be found; they succeed in all parts of the country, in any kind of soil, but will, of course, do better in rich soil, and if freely watered at all times.

The newer types have flowers six to eight inches across, in great clusters of varied and rich colors. We send out dormant roots in strong divisions from field-grown clumps. The height given for each Canna may vary with climate and care.

WM. HENRY MAULE, PHILADELPHIA, PA., 1927
**Wm. Henry Maule**  
**SEEDSMEN**  
**PHILADELPHIA, PA.**

**CONDITION OF SALE**—All the Seeds, Bulbs and Roots here ordered are guaranteed as to Vitality and Purity to the full amount of the purchase price. We will refund the money paid for them or replace them without extra cost any time within the year if you are not satisfied with the results obtained. We cannot guarantee the crop as success depends largely upon cultivation, soil and climatic conditions. And it is also recognized that a mistake may be made and it is, therefore, mutually agreed that in no case shall Wm. Henry Maule Co. be liable for more than the amount actually paid for the Seeds, Bulbs or Roots.
